## Super Mario 64 120 Stars Cheat

Best viewed in 720p. I replayed any level if I thought I was wrong enough, or if I died so I didn't play. I often think about my mistakes and what I should have done well. I didn't have time to be able to relax, it was hard, but I benefited. I couldn't bring myself to relax. I couldn't relax even for a minute. Sometimes I just wanted to quit, but I wanted my friends to be happy. I couldn't do that, and of course I couldn't quit. I did what I wanted. I did what I could. I did it. I couldn't do it. I could do it. I was able to do it.
