The title was "I bought a new computer" and the most votes was 10. That's a VERY clear win, although 8 wasn't too bad and I think most people could have backed the 8th place title. This was a pretty obvious outcome with a huge majority.Q: How to get the value of a sibling element I can't seem to get the value from a sibling element. I've tried 3e33713323
